As indicated by the budget summary (Exhibit A-4), a net unexpended balance of appropriations of \$2,135.95, plus a revenue surplus of \$13,058.80, resulted in a net budget surplus of \$15,194.72.

A statement of outstanding long term indebtedness as of December 31, 1966, showing annual debt service requirements, is contained in Exhibit J.

AUDIT PROCEDURE

The accounts and records of all town officials charged with the custody, receipt and disbursement of public funds were examined and audited. Vouchers and cancelled checks were compared with supporting invoices and payrolls as well as entries in the books of records. Receipts were checked by source insofar as possible and totals of receipts and expenditures verified. Book balances were verified by comparison with reconciled bank balances made from statements obtained from depository banks. Verification of uncollected taxes was made by mailing notices to delinquent taxpayers as indicated by the Collector's records. The amounts of uncollected and unredeemed taxes as indicated in this report are therefore subject to any changes which may be necessitated by the return of verification notices.

GENERAL COMMENTS**Current Surplus:**

The current surplus (excess of total assets over current liabilities) increased by \$7,535.12, from \$26,016.57 to \$33,551.69 in 1966, as shown herewith:

	December 31, 1965	December 31, 1966
Total Assets	\$242,661 11	\$311,356 69
Current Liabilities	216,644 54	277,805 00
Current Surplus	\$26,016 57	\$33,551 69

District Court:

For the past two years we have called attention to the provisions of Chapter 331, Section 502-A:9 of the Laws of 1963, relative to the disposition of fines paid into the District Court, which is quoted herewith:

"502-A:9 Payments. Payments to cities and towns shall be made monthly, on or before the fifth day of each month,

and shall cover the net receipts as aforesaid of said court for the month preceding, with a detailed statement of the amount, date, and from whom all money has been received."

It is again noted that the provisions of this law are not being complied with. The balance of 1965 cash on hand as of January 1, 1966, in the amount of \$624.75, was not remitted to the Town Treasurer until December 1966, at which time a part of the 1966 court receipts were also remitted.

Reference to Exhibit G indicates that as of December 31, 1966, a balance of \$936.25 remained in the hands of the Court. This consisted of an actual bank balance of \$252.49 and undeposited cash of \$683.76.

Conformance to the provisions of the law relative to the handling and remittance of Court funds is again recommended.

Surety Bond:

The surety bond of the Town Clerk should be increased from \$5,000.00 to \$7,000.00.

Conclusion:

The provisions of Chapter 184, of the Laws of 1955, require that this report or the summary of findings and recommendations (letter of transmittal) shall be published in the next annual report of the Town.

We extend our thanks to the officials of the Town of Hinsdale for their assistance during the course of the audit.

Yours very truly,

HAROLD G. FOWLER,

Director

The circulation has increased again this year making an increase of approximately 20,000 in the last ten years. As the town continues to grow, the library has many new readers. The students who use it increase each year but many new adult readers have become acquainted with the library also. We have received many compliments on the excellent quality of our library and this is always pleasant to hear.

During the summer the librarian worked with the Girl Scouts who were earning their library badges. The entire fiction section was put in order and the card catalog brought up-to-date by removing all cards pertaining to books that had been stored for many years in the basement and now have been permanently discarded.

Many children's books have been loaned to the elementary school to aid in setting up a library. Books from the book-mobile have supplemented our collection.

We have borrowed books from the State Library from time to time. We are also indebted to the Brattleboro Free Library for inter-library loans. These libraries have proved extremely helpful to us.

In the fall the library was given a \$100.00 grant from the State for new reference books. The order has been processed and we are awaiting the books momentarily. We are grateful for the gifts of books and magazines that have been given to the library during the past year.

The librarian has attended several meetings during the year. The district library consultant has met with the librarian on several occasions to discuss ways and means of increasing our service to the community and she is always available to us when needed.

At this time the librarian wishes to thank her trustees for their help and cooperation during the past year. She also wishes to praise the young people who use the library. They are a joy to serve as they are always courteous and pleasant.

This is your library and your patronage and interest can be a valuable help in improving library service in this community.

HINSDALE MUNICIPAL COURT

1966

Once again, the activity of the Municipal Court shows an increase both in case load and in fines levied. The case load rose from sixty-nine (69) criminal cases in 1965, to one hundred seventy-one (171) criminal cases in 1966 — an increase of 148%. Fines collected in 1965 were \$1,176, while 1966 produced \$2,370 — an increase of 101%.

During the year, the Community Room was transformed into a Courtroom with the addition of a dais and bench. This change was made at the direction of the Legislature, whereby all Towns with a municipal court are required to provide proper facilities for the operation of that court. This, and the updating of the statutes for the use of the Court, caused an increase in the expenses for 1966.

The Court and the Town were fortunate in enjoying a smooth transition from the administration of Chief Wesley Ryan to Chief Roger Eastman. Both officers and their subordinates have been extremely cooperative. I would like to thank them, Sheriff Frank Walker and the representatives of the State Police for their help during the past year. The Selectmen of the Town were most helpful in determining the proper place for the Courtroom and obtaining the necessary material to properly equip this Courtroom. For this and other aid during the year, I am extremely grateful.

PUBLIC HEALTH NURSING ASSOCIATION

The following is a report of the activities of the service from January 1, 1966 to December 31, 1966.

Field Visits	465
School Pupils Attended	641

During the year 235 physical examinations were done in the schools by Dr. John Trumper and Dr. John Houpis. The chief defect found was dental decay.

In the course of the year 313 pupils had hearing tests done and 786 pupils had vision tests. Out of this number 70 referrals were made.

The Nursing Association is now qualified to participate in the Medicare Program. In order to become certified, some reorganization was necessary to meet the standards set by Medicare. There were meetings in Keene, Manchester, and Woodstock, Vt., which the nurse attended, along with Miss Ruth Langille, president of the association, to familiarize us with the methods to be used in working with Medicare.

In May a measles Vaccine Clinic was held at the Elementary School for preschool children. Fifty-four immunizations were given at that time. The vaccine was supplied by the State Health Department. Dr. John Houpis was the attending physician, and a group of Peace Corps trainees assisted as part of their training program.

In October the nurse attended the School Nurses Meeting in Manchester, New Hampshire.

I wish to thank all those who have helped in carrying out the nursing services.

Respectfully submitted,
MRS. BERTHA C. BRADBURY, R.N.

REPORT OF THE ELEMENTARY SCHOOL PRINCIPAL

To the Superintendent of Schools:

I hereby submit my First Annual Report as Elementary Principal in the Hinsdale School District.

Enrollment

Beginning pupil enrollment in grades K-6 for the month of September was 432. A new second grade had to be added because of an increase of pupils in the primary grades. We anticipate the need for another third grade for the 1967-1968 school year. The number of classes according to grade levels this year were: one special education group, two kindergarten sessions, three first grades, three second grades, two third grades, two fourth grades, two fifth grades, two sixth grades, and a remedial reading program.

Personnel

Kindergarten is taught by Miss Beverly Eastman. This is Miss Eastman's first year with the Hinsdale School District.

Special Education is taught by Miss Mary Ann Gaffney.

Grade One teachers are Miss Hazel J. Anderson, Mrs. Mary P. Freitas, and Mrs. Barbara S. Huntley.

Grade Two teachers are Mrs. Judith A. Brereton, teaching her first year, Mrs. Esther E. DeAngelis, and Mrs. Helen C. Hildreth.

Grade Three teachers are Mrs. Ellen E. Murphy, who is teaching for the first year, and Mrs. Mary C. Simonds.

Grade Four teachers are Mrs. Kathleen M. Swanberg, first year with Hinsdale, and Mrs. Marjorie F. Zavorotny.

Grade Five teachers are Mrs. Helen B. Haubrick and Mr. Bruce G. Mitchell.

Grade Six — Mrs. Rosemary A. Ryll asked to be released from her position in December because of ill health. In January Miss Judith Poppele took Mr. John J. Gallagher's class so that he could supervise the newly initiated remedial reading program.

Art — Mrs. Miki Lyman served as art supervisor at the elementary school.

Music — Both Mr. Joseph J. Norton and his wife Mrs. Ruth Norton served as supervisors and taught elementary music. Mr. Norton taught instrumental music and directed the Junior Band.

The following non-teaching personnel have all performed their tasks in a most commendable manner:

Custodian — Mr. Andrew Paduchak was responsible for building maintenance.

Nurse — Mrs. Bertha Bradbury cared for the ailing pupils of Hinsdale Elementary School.

Cafeteria Manager — Mrs. Helen Bouchie served in this capacity as hot lunch supervisor. Other Cafeteria personnel were Mrs. Hortense Stephens, Mrs. Virginia Rizzi and Mrs. Winifred Amarosa.

School Secretary — Mrs. Marguerite Roberts has been assisting Mrs. Bouchie and Mr. Eksoozian with their many clerical tasks.

Curriculum

This year saw the upper grade curriculum (grades 4-6) modified to meet the needs of the pupils. A change was made from departmentalization to semi-contained classrooms for grades four through six. One reason for this was that greater flexibility in the curriculum was required because of the expanding art and music programs. Another factor was the influence of transferring the seventh and eighth grades to the High School. These grades which would have benefited mostly

from a departmentalized program were no longer with us. Now, in addition to the Joplin reading plan, each teacher (grades 4-6) is responsible for two subjects, whereas previously only one subject was taught. Also, the two subjects are taught consecutively to the same group of pupils. This means that the pupils are with the teacher for a greater length of time, and there are greater opportunities for personal supervision. Thus considerations pertaining to flexibility, efficiency in scheduling subjects, and pupil-teacher relations brought about the improved modifications of the curriculum.

Recent Innovations

This is the first year for our special remedial reading program. Funds have been provided through Title I by the federal government. Approximately thirty pupils, Grades 2-6, will participate during the school day and receive remedial instructions from Mr. John Gallagher. Mr. Gallagher will direct the program on a full-time basis using an available classroom on the third floor of the Elementary School. Special teaching aids and machines will be available for the instruction of the pupils.

A number of interested PTA mothers have made it possible for us to staff and initiate a school library program. Also Miss Sylvia Fletcher, local librarian, has loaned to the school a number of books. The cooperative efforts of the interested citizens meant that many pupils borrowed books who would not do so otherwise. We welcome the participation of adults in making the library program successful. The regular library room will have to be vacated in order to make space available for the remedial reading classes. Special shelves and cases will be required when a new area is selected to display and store our books. Of course, any contribution of books are greatly welcomed from the public.

New Equipment and Texts

The Elementary School has added to its curriculum a number of new textbooks and teaching aids. The first and second grades received new science and social studies textbooks. Teachers this year have available to them a new sound pro-

jector, three overhead projectors, and three additional record players. These new books and equipment have greatly enriched the learning activities in our school.

Summary

Our staff of teachers look forward to the remaining portion of the school year. We feel that it is full of opportunities and challenges. The citizens of Hinsdale have also indicated their interest in an ever improving school system. I am sure that the joining of hands by the community and its educators will result in better education for the children of Hinsdale.

Respectfully submitted,
CHARLES A. EKSOOZIAN

REPORT OF THE HIGH SCHOOL PRINCIPAL

To the Superintendent :

I am pleased to present to you this Annual Report of Hinsdale High School for the immediate past year. It should indicate the growth and progress in secondary education in the Hinsdale District during this time, as your High School in this community seeks to keep pace with the Space Age.

In June 1966, we graduated thirty-one seniors at exercises held in the new Gymnasium at the School. The Class of 1966 has the distinction of being the first such class so honored. Among the Class, the following students received their diplomas :

Paul Hastings Barnard	Richard Halle Worden
David Alfred Coull, Jr.	Dennis Lloyd Pickett
Robert Fraser Delano, Jr.	Richard Nelson Prouty
Milton Earl Denker	Kenneth Arthur Roberts
Patricia Ann Elliott	Carl Richard Rouillard
James Peter Gembarowski	Noreen Alice Sharpe
Cheryl Lynn Greenwood	Edward Leo Sikoski
Roger William Kozyra	Alan Francis Smart
Mary Margaret Martell	Theodore Crosby Sprague
Karen Ann McCauley	Cynthia Rita Stanclift
Dennis John Merrill	Sharon Ann Targett
Caryn Janice Moss	Alan Joel Trottier
Cheryl Jada Moss	David Alfred Walker
David Arthur Nelson	Marie Elena Willette
Patti Jean Parenchuck	Ralph Lauris Winslow, Jr.

William Joseph Young, III

Statistically, all members of this class have found places for themselves and their many talents. Nineteen percent are currently enrolled in four-year colleges or universities, twenty-six percent are attending two or three year specialized advance-

ed educational programs or institutions, thirty-nine percent are presently gainfully employed, and sixteen percent are on active duty with the Armed Forces.

The School experienced its anticipated growth during the Summer, and with the coming of September, close to 300 pupils from grades 7 through 12 were on hand for classes. We are now operating with capacity enrollments in our buildings, as an approved and comprehensive six-year Junior-Senior High School.

To make this transition possible, several faculty changes were made. Leaving Hinsdale High School were Mrs. Delight Bosworth, Mrs. Phyllis Ross, Mr. Denis Joy, Mr. Charles Larrasey, and Miss Virginia May. Replacing these staff personnel were Mr. Harrison Baldwin of Norwich University and Keene State College teaching English, Mr. Raleigh Clark of Keene State College teaching Math and Science, Miss Mary Lou Currier of the University of New Hampshire teaching English, Mrs. Miki Lyman of the University of New Hampshire teaching Art, Mr. James McGinnes of St. Anselm's College teaching English and Science, Mr. Alan Rogers of Keene State College teaching Social Studies, Mr. Amos Russell of Plymouth State College teaching in the field of Business Education, Miss Jeannette St. Germain of Merrimack College teaching French and English, and Mr. Fred Wolfe of Plymouth State College teaching Science. While certain of these new staff members have come to us straight from the colleges indicated, Mr. Baldwin came to us from Milford (NH) High School, Mrs. Lyman from the Manchester (NH) Public Schools, Miss Currier from Hollis (NH) High School, Miss St. Germain from Salem (NH) High School, and Mr. Wolfe from the Woodsville (NH) High School.

In expanding our enrollment and staff, we have also extended the range of our secondary curriculum. We are now offering a wider range of courses in the Social Studies covering contemporary American Government on one hand to modern European — Asian History on the other. The Business Education curriculum has also been meaningfully broadened to include a two-year Bookkeeping sequence, as well as courses in Business Law and Retail Merchandising.

With the addition of the new Gymnasium to the High School plant, our various activities and programs have taken on new dimensions. Our musical program is now enabled to be presented within regular class time. The facilities make themselves continually available to the Physical Education program, as well as the athletic teams. These specialized extra-curricula offerings are now reaching more young people from elementary through high school age than ever before.

Those students who would represent their School continue to do so quite well. With sheer determination and resiliency our teams continue to strive to their winning goals. Our High School Band capped a successful year last year by carrying off an exchange concert program with the Hanover (NH) High School. They have further established with a considerable degree of community popularity their late spring Wednesday evening outdoor concerts. Of additional special interest are the annually instituted Gym Show and Science Fair. These continue to stimulate wide enthusiasm. Special thanks are due the many faculty members who foster and promote these programs for our young people.

The continuing fine, generous support our School Board gives the School and its staff has made the realization of our current program possible. The High School today is at a high point in terms of enrollment, size of faculty, and extent of our curriculum. Much of the progress that has been made is due in large measure to the steady support and healthy educational climate provided by the Board. It is indeed a pleasure to report these improvements and the general status of instruction at the High School in the past year; and to recognize the efforts of a good staff, a sincere Board and a warm, responsive community joined with us in making all this possible.

BRUCE E. STEWART Jr.

The table above shows a total of 720 pupils enrolled in grades K through twelve. This is an increase of eighteen over a year ago.

1971-72	60	49	53	57	57	52	68	10	406

Although elementary projections above show a gradually decreasing enrollment, it is a risky conclusion to draw. Past experience has shown us that the trend has been one of steadily increasing enrollments. Projecting current enrollment data does not take into consideration migration into the community which has a decided effect upon actual enrollment figures.

**Projected Secondary Enrollments
Grade**

School Year	7	8	9	10	11	12	Total
1967-68	49	49	57	50	63	43	311

1970-71	67	63	62	49	49	57	347
1971-72	64	67	63	62	49	49	354

The table of projected secondary enrollments show a steady increase. This results from the effects of the larger classes already in our elementary school showing up in the secondary projections.

SCHOOL FACILITIES: There is space at the elementary school for eighteen classrooms. This includes remodeling the rest of the all-purpose room to be utilized as a classroom. The elementary enrollments require that there be three divisions of each grade or eighteen classrooms for the six grades, not including kindergarten or the special class. We are currently using sixteen classrooms and utilizing one additional classroom each year. From this, it can be seen that we will have used up all available space in two years and, from that point on, be either short two classrooms or else in a position where some other space will be required for the kindergarten and special class.

Increasing enrollments at the high school produce a similar picture. New classroom space will be required to handle the additional numbers within a few years. Although both school facilities are up-to-date and in good repair, it is simply a matter of running out of space as increasing numbers of boys and girls enter our schools.

EDUCATIONAL PROGRAM: The struggle to offer excellence in education while at the same time "holding the line" continues. As general costs rise, as teachers' salaries are increased, as more children enter the classrooms, as new programs and services become recognized and expected by pupil and parent alike, school costs push slowly but surely upward year after year. This situation is by no means unique to Hinsdale. Rather, it is typical of communities throughout the state and the nation. Good education costs money. To expect that an effective and expanding educational program can be taught by competent teachers in decent facilities with modern equipment at a time when general costs are rising, is simply not realistic.

The fact that Hinsdale has been placed in the same supervisory union as Winchester and Monadnock as a result of ac-

tion taken by the State Board of Education and the certainty of ever increasing pressure for upgrading standards of educational offerings which add to the local tax burden, makes it apparent that the State considers it necessary for school districts which have common concerns to search for common solutions. It is imperative, therefore, that Hinsdale look beyond its boundaries in seeking the various alternatives for maintaining and improving educational offerings. We can no longer assume that we can be self-sufficient indefinitely. An appraisal of what has occurred during the last decade across the state and nation makes one realize that communities everywhere are finding it necessary to cooperate in order to afford school programs which are required in order to keep pace with the times. It is highly unlikely that we in Hinsdale are different.

In conclusion, I wish to express my sincere gratitude to the principals and teachers, pupils and parents, the School Board and School Planning Committee, and the patrons of our schools for their understanding and cooperation.

FIRE RECORD

Fire records are made by people — those who cause fires and those who control them. Your forest fire warden, deputy wardens, fire chief and firemen have, in spite of a prolonged drought, made one of the best fire control records in recent years. Despite a very dry spring, we in New Hampshire working together, have substantially reduced our fire incidence (885 in 1965 to 595 in 1966.)

This enviable record is largely due to two factors:

1. A closely coordinated and integrated state-town organization jointly carrying out programs of forest fire prevention, training and suppression with dedicated personnel.
2. Your appreciation of our forest fire control program and your individual effort in practicing fire prevention.

Statistics show, however, there is room for improvement. Major problems are still with us; (1) the careless disposal of cigarettes; (2) the householder's carelessness in burning rubbish; (3) the failure of woodlot owners and contractors to completely extinguish their brush burning fires; (4) failure to extinguish camp fires; (5) unsupervised children playing with matches.

New Hampshire has 4,339,000 acres of woodland to be protected. In 1966 we experienced 595 forest fires on this area and restricted acreage burned to 395 acres — a fine testimonial to the efficiency and dedication of the men who make up our forest fire control organization.

1. If you must burn you will need a permit. Permits are not issued between 9:00 A.M. and 5:00 P.M. except on rainy days. Permits are not needed when the ground is covered with snow. To minimize risk the best way to dispose of rubbish is at your authorized town or municipal dumping area.
2. Be sure all discarded smoking material is out.
3. Don't leave a live camp or cooking fire.
4. Most important — Instruct your children that matches are not play things.

Truly — Only You Can Prevent Forest Fires
